Parete | Wall

LED MONACO è un faretto a led da parete orientabile, con braccio snodato così da direzionare il fascio luminoso secondo le esigenze. E' una lampada da interni, adatto nelle imbarcazioni, come testaletto e per creare effetti luminosi accentuati e decorativi anche in musei e gallerie d'arte.

Caratteristiche tecniche:

Corpo in alluminio satinato.

Diffusore in vetro satinato e lente in acrilico trasparente prismaticizzata.

Sorgente Led Leuci di potenza bianco 3000K.

Alimentazione inclusa, completo di interruttore.

LMONACO LED is a direction-adjustable wall spotlight, with an articulated arm to direct the beam of light as needed. It is a lamp for interiors, suitable for use on headboards in ships and to create accent and decorative lighting in museums and art galleries.

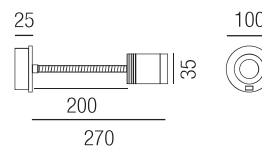

Technical features:

Satin-finish aluminium body.

Satin-finish glass shade and prismaticised transparent acrylic lens.

3,000K white power Leuci Led source.

Power supply included, with switch.
